Moreover, exhibits will be placed outdoors many times, including open-air storage at the exhibition centre before and after the exhibition. Therefore, exhibitors must take necessary precautions against damage and rain, since we cannot assume any responsibility for the damage, especially when the return exhibits are to be packed with used-packing materials (the case as well as aluminium foil, plastic covers, etc., very often would have been damaged already during unpacking).

#### **Being strong enough for Transportation and Handling**

Exhibits will be transferred to the exhibition venue during the move-in days. Representatives of LOSXON Logistics will be available to help the exhibitors with the move-in logistics including unpacking and storage of empties as applicable. In some circumstances, however, the customs at the ports or fair site may inspect the case without your presence.

### **O. MOVE-OUT DAYS**

Prior to the move-out days, exhibitors will be given a 'Return Shipping Instructions' to fill in based on the List of Exhibits given at time of entry of goods into China. Exhibitors are required to advise LOSXON Logistics if the goods will be re-exported, sold or disposed, as applicable.

During move-out days, representatives of LOSXON Logistics will be on-site to help exhibitors with return of empty cases, repacking, re-export, etc. as applicable. Our on-site operational staff will inform exhibitors the exact arrangements.
